Dick Wehrs' Integrity Loan Fund

Mission Statement

Provide limited capital to individuals who commit to being self-sustaining entrepreneurs. These funds are to be used for start-up business ventures or to enhance growth opportunities.

Purpose

The purpose of Dick Wehrs' Integrity* Loan Fund (Fund) is to encourage self-sufficiency, self-discipline, and social responsibility through education, a business plan, and personal encouragement to achieve their personal goals.

This Fund's source is from Dick Wehrs' prudent use of personal income over a lifetime and a belief that personal integrity is the most important criteria for the expectation that a loan will be repaid. This will permit the Fund to be used over and over again to help others get a start. This implies a responsibility on the part of a loan recipient to commit to helping others when their success permits.

Applicants for a loan may or not have been turned down a financial institution. This Fund is not intended primarily for individuals with better than average credit scores. Credit scores less than average will not be a deterrent to loan approval: if evidence can be provided that indicates that the reason for a negative report has been corrected. Bankruptcy in itself is not sufficient reason for a loan denial.

Dick Wehrs' Integrity* Loan Funds are not intended to re-finance existing debit even though it might be beneficial to the borrower or to compete with local banks. Dick Wehrs' Integrity* Loan Funds are intended to support initiative to achieve self-sufficiency and to promote integrity.

Loan Application Criteria

Applicants are to be evaluated by 4 specific standards, Character, Capacity, Commitment, and Capital.

2. Capacity 30%

The ability of an individual to carry out their business idea; the individual must commit to completion of a business plan.

3. Commitment 20%

The responsibility of the individual borrowing money from the Fund is to repay the loan; and to commit to helping another individual to follow sound stewardship with their income.

4. Capital 10%

It is not the intention of the Fund to require collateral: however some type of measureable equity must be provided.

It is the Fund's intent to teach responsible use of credit. Understand that Personal Honor pays loans. Most importantly, have the pride to Honor their word and keep their reputation sound.
